Our Sept. shoot has been canceled, but we will start shooting again on the third Saturday in Oct. at 10:00.

Also, if you haven't sent in your application for "Mayhem on the Mountain" you may want to do so because time getting is away from us.

It looks like we will have "The Great Outlaw Camp Buffalo Shoot" on the third Saturday of November. High Card and I were in the Dakotas a couple weeks ago checking on the buffalo herds. We snapped a few photos and they are on the move south.

Everyone needs to get your long range guns sighted in because after "The Great Buffalo Shoot" there will be a buffalo burger cookout and some awards for the top shooters.

See you all at the next Long Range Shoot in Oct.

Till then "Keep the wind in your face and the sun at your back"
